You are invited to a seminar on the following subject:

Catecholamines as Biomarkers for Neuroendocrine Tumors: Neuroblastoma and Pheochromocytoma

That will take place on Wednesday the 17/06/15 at the Center "Israel in the Park", Rokah Boulevard 80, Yehoshuah Gardens, Ayalon Park, Tel Aviv.

Organizer: **Dr Ronit Tamir, Director of the Biogenic amines and HPLC Unit, Clinical Biochemistry Laboratory, Rambam Health Care Campus, Haifa.**

08:30-09:15: Gathering
09:15-09:30: Opening Remarks

09:30-10:00 **Pheochromocytoma and Paraganglioma – A Clinical Update.**
Dr Simona Glasberg, Unit of Neuroendocrine Tumors, Hadassah Medical Center, Jerusalem.

10:00-10:30 **Clinical Aspects of Neuroblastoma.**
Dr Shifrah Ash, Director of the Department of Pediatric Hematology-Oncology, Schneider Children's Medical Center of Israel.

10:30-11:00 Coffee Break

11:00-11:30 **Use of Catecholamines and Metanephrines Tests in the Diagnosis of Pheochromocytoma and Neuroblastoma: HPLC as a Diagnostic Tool.**
Dr Ronit Tamir, Director of the biogenic amines and HPLC Unit, Clinical Biochemistry Laboratory, Rambam Health Care Campus, Haifa.

11:30-12:00 **Measurement of Catecholamines Metabolites in Urine: 24 hours Collection or Spot Sample.**
Dr Anat Yaffe, Director of the Endocrinology and Diabetes Clinic, Hillel Yaffe Medical Center, Hadera.

12:00-12:30 **Plasma Catecholamines and Free Metanephrines Tests for the diagnosis of Pheochromocytoma.**
Dr Orit Touito, Endocrinology Institute Meir Medical Center, Kfar Saba.

12:30-13:30 Lunch

*The Center is located at a 10 minutes' walk from the University Train station, in Tel Aviv,
Parking is available on site.*
